& CONSUMER
PROTECTION MEET

CHAIR'S WELCOME

Dear Colleague:

Welcome to the 65th Annual Spring Meeting of the ABA Section of Antitrust Law, the world's largest meeting of competition and consumer protection professionals. The Spring Meeting brings together all segments of the global competition and consumer protection community – enforcement officials, private attorneys, in-house corporate counsel, academics, judges, economists, and business people – to share knowledge about all aspects of competition and consumer protection law. Last year we attracted upwards of 3,000 people from more than 60 countries. To accommodate our growing global gathering, this year's conference will be at the Marriott Marquis, a

fabulous location with sweeping spaces and stunning panoramic views.

Programming. Our sessions' chairs have offered an embarrassment of riches with this year's program schedule. The panels tout a highly accomplished slate of dynamic speakers. As before, we highlight three "tracks" you can follow: Litigation, International, and Consumer Protection. Naturally, you may mix and match as you choose, but these tracks are designed to help you spot programs in particular areas of interest. With over 60 options on the agenda, there's no richer or more diverse array of antitrust and consumer protection programming anywhere. Here are just a few of the highlights:

- **SAL Awards Luncheon.** The Awards Luncheon will feature awards honoring two of our esteemed colleagues for their noteworthy contributions to the Antitrust and Consumer Protection Bar. In addition, Antitrust Subcommittee Chairman Mike Lee (United States Senate) (invited) will share his thoughts on what to look for in the year ahead. Wednesday, 12:00pm.
- **Chair's Showcase.** The Chair's Showcase is entitled "Promoting Competition/Protecting Consumers: In Sync or At Odds?" and will explore whether consumer protection policy and competition policy are complements or substitutes, how each should account for the other, which authorities should reconcile them, and what arguments will influence the decisions. Thursday, 10:15am.
- **Enforcers Roundtable.** This gathering of leading competition authorities will include the distinguished heads of both U.S. enforcement agencies, the European Commission, NAAG's Multistate Antitrust Task Force, and Mexico's Competition Bureau. Friday, 10:00am.
- **Section Dinner.** Enjoy dinner with General David PETRAEUS. The retired four-star Army General, Commander of U.S. Central Command, and Director of Central Intelligence answers our questions about commercial and political relations around the world in a conversation led by Deborah P. Majoras. Thursday, 7:15pm.

Informal Sessions with Networking Opportunities. The new Marriot Marquis venue promises ample public spaces to connect, interact, and build new friendships at the world's largest gathering of antitrust and consumer protection professionals. I encourage you to take advantage of this limited opportunity to develop your professional network.

Our Spring Meeting Co-Chairs Paul Friedman and Margaret Ward, Program Officer Brian Henry, and remarkable Section Staff have planned a thoughtful and splendid program. I trust that you will be a responsive audience and that their hard work and the interesting and illuminating contributions from the Section will leave a lasting impression.

See you in Washington D.C.!

CLE

The ABA directly applies for and ordinarily receives CLE credit for ABA programs in AK, AL, AR, AZ, CA, CO, DE, GA, GU, HI, IA, IL, IN, KS, KY, LA, MN, MS, MO, MT, NH, NM, NV, NY, NC, ND, OH, OK, OR, PA, PR, SC, TN, TX, UT, VT, VA, VI, WA, WI, and WV. These states sometimes do not approve a program for credit before the program occurs. This transitional program is approved for both newly admitted and experienced attorneys in NY. Attorneys may be eligible to receive CLE credit through reciprocity or attorney self-submission in other states. For more information about CLE accreditation in your state, visit www.ambar.org/ATSpring. States typically decide whether a program qualifies for CLE credit in their jurisdiction 4 to 8 weeks after the program application is submitted. For many live events, credit approval is not received prior to the program.

- **All attendees**
- Should update their bar information online @ www.myABA.org
- Must sign in for CLE at the registration check-in or CLE desk.
- **DE, IL, NY attendees** are required by their state(s) to sign in (and **NY** also out) of each session.
- **DE, IL** and **NY** forms will be located in the back of each session room.
- **IL & NY** certificates of attendance will be emailed post conference to those who signed in & out of sessions.
- Over 50 CLE events are scheduled for the Spring Meeting. The sessions are an educational presentation, usually in panel format, presented by one or more of the Section's committees. Sessions where skills training, trial skills, and/or ethics credit has been applied are indicated in the brochure.
- Required sponsor documentation has been forwarded to and credit requested from MCLE states with general requirements for all lawyers. Lawyers seeking credit in PA must pay a fee of \$1.50 per credit hour directly to the PA CLE Board. The ABA pays applicable fees in other states where the sponsor is required to do so. In states where a late fee may become applicable, the ABA pays this fee as well.
- Please be aware that each state has its own rules and regulations, including its definition of "CLE" as well as "Ethics." Therefore, certain sessions may not receive CLE credit in some states. Please check with your state provider for confirmation of general, as well as ethics, approval for any conference.
- The *Uniform Certificate of Attendance* will be available with your course materials.
- Please check back for the total number of credit hours approved.

COMPETITION AND CONSUMER LAW ISSUES WITH CUSTOMER PROFILING

Presented by the Consumer Protection, Privacy & Information Security, and Transportation & Energy Industries Committees

Airlines and other sellers increasingly use big data to profile customers and customize offers. Like the personalized ads in the *Minority Report* movie, this is simultaneously cool and creepy. Do consumers benefit from offers that better match interests? Or do they suffer when anonymity is lost and sellers can discern willingness and ability to pay? We explore the competition and consumer protection law implications.
